RE: Medical Cost Assistance Coverage Requirement

Tabor College is interested in making your academic and personal experience meaningful and successful. Your health and wellness is a key component of that experience.

To ensure that students get the care they need to remain enrolled in the College and avoid potential financial hardships, we require all students enrolled in at least 12 credit hours (full-time) to have medical cost assistance coverage (health insurance). Additionally, the College assesses all students enrolled in six credit hours or more a fee, per academic year, for accidental injury insurance.

We are happy to make available a low-cost student health insurance plan provided by United Healthcare Student Resources (UHSR) for those full-time students WHO DO NOT OTHERWISE have access to medical coverage through a family member, employer, military or other member affiliation. The cost of the plan is \$1,000.00 for fifty-two weeks of coverage (August 1 through July 31) **and has been included on your fall semester bill.**

Students eligible for the UHSR plan may also cover/enroll any dependents (spouse/children) they may have.

A summary of the plan coverage is enclosed for your review.

Full-time students with existing coverage who wish to waive enrollment in the college's student health insurance must complete the enclosed waiver form and return it together with copies of both sides of their medical insurance card. Please return forms and copies to the College no later than August 1st. ***The charge for the UHSR plan will remain on the student's College account unless proof of other coverage is provided to the College.***

Assistance: Kaylene Unruh in the Student Life Office (kayleneu@tabor.edu or 620-947-3121, ext 1033) will be able to assist you with questions about the College's requirement for medical cost coverage, the enclosed enrollment form or waiver form, and, enrollment information/premium rates for dependents (spouse/children). You may also direct questions to Kaylene concerning the mandatory student accidental injury insurance plan and fee, or refer to the Tabor College Student Handbook under the heading of "Student Services & College Policies" for details.

In summary, every full-time student must perform one of the following actions:

If you have health insurance please be certain to return the enclosed waiver form with copies of both sides of your medical insurance card before August 1st.

If you plan on purchasing the UHSR student health insurance, return the enclosed form indicating this before August 1st.

We look forward to seeing you next month!
